Blind comparison unavailable

This run did not produce two complete nine-card boards. It cannot be approved; use the retained evidence to choose a rejection or query-work verdict.

Event board missing

The strongest retained Event family had 4 frames; 9 distinct frames are required.

Compiled board available

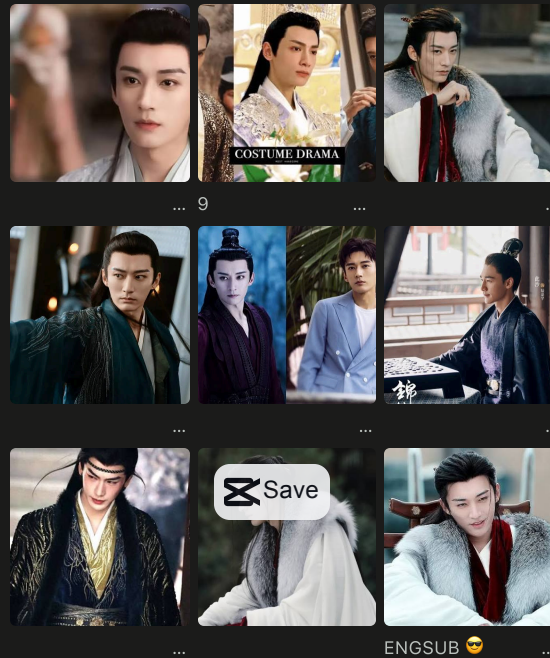

9 usable frames qualified.

Available candidate board

These images survived curation, but the missing counterpart means this run is not eligible for blind calibration.

Operator rescue board

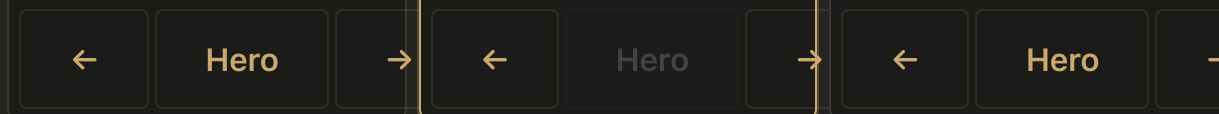

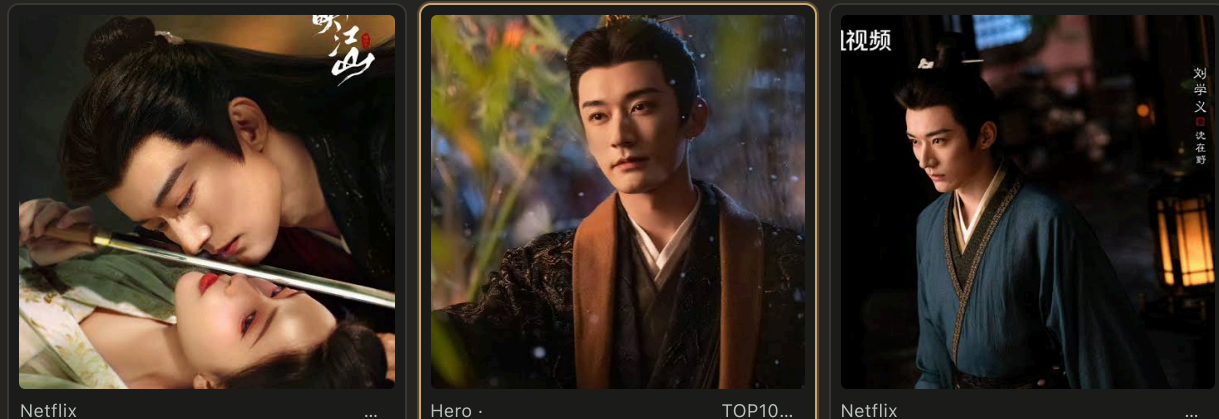

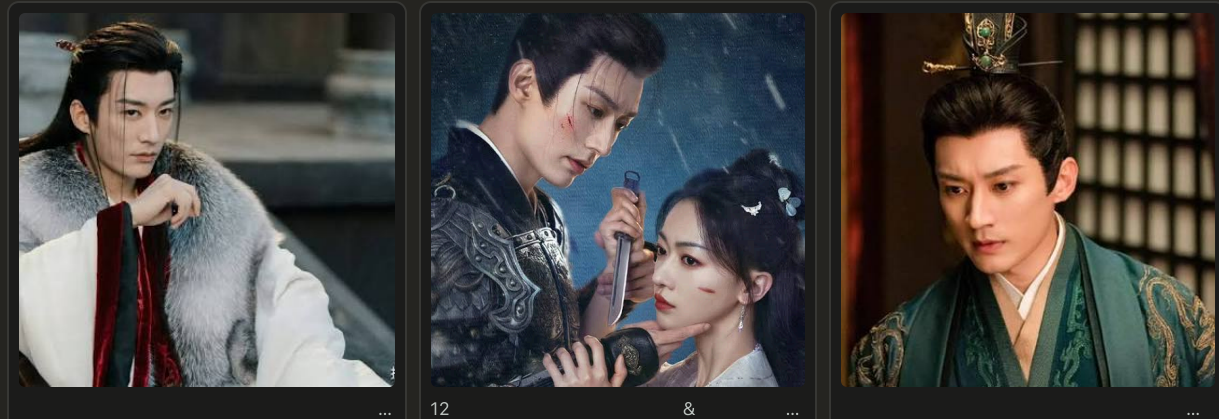

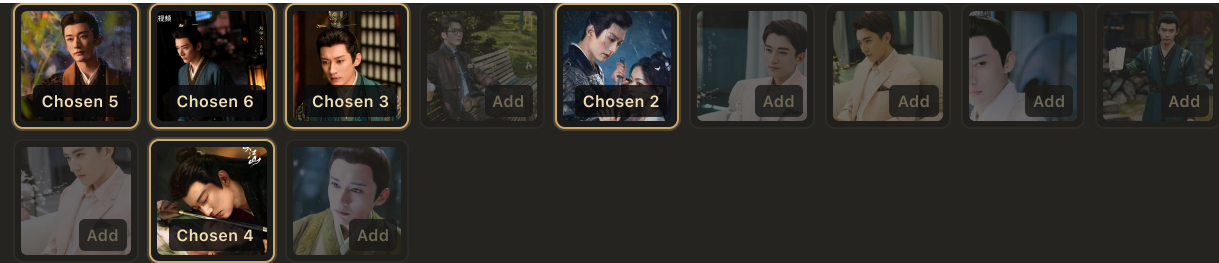

9/9 chosen · 30 available · 0 unavailable · 6 excluded

This is your override. Choose any nine retained, displayable images and arrange them yourself. Composite, duplicate, anti-anchor, and Vibe labels remain visible as algorithm evidence, but they do not veto the rescue. Only unavailable images and your exclusions stay out. The original audit and Daily Drop eligibility never change.
